

Start Your Own Book Club!

Little Bee chapter books are a great resource for starting your very own book club.

Use the simple steps below to kick-start a book club with your friends!

1. Pick a Place to Meet

Check with your parents on which book club members house to meet at. You can also speak with your parents about gathering at the local library or park.

2. Pick a Book to Read

What kind of books do you and the rest of the members like to read? Don't forget to try to read something you think you won't like, you never know which book will change your mind!

3. Write down questions and/or observations while reading to discuss with others.

ex. Who is your favorite character? Do you agree with the ending? What would you change about the story?

4. Don't be Discouraged!

If you don't get a chance to finish the book before you meet, that's ok! You can join in the discussion with what you have read so far.

5. Choose the next book you will read and where to meet.

Will you read the next book in the series or will you try another chapter book series? Try alternating where you meet, but be sure to check-in with your parents each time!

6. HAVE FUN!

Reading is fun, so have fun with your book club! Try adding crafts or activities to your book club meetings that are inspired by the book you are reading.
