In 1861, the winds of war blew through the United States. Jennie Rodgers, a young immigrant from Ireland, moved west to Illinois and soon had a new name and a new identity—Albert D. J. Cashier. Like many other young men, Albert joined the Union Army. Though the smallest soldier in his company, Albert served for nearly three years and fought in forty battles and skirmishes. When the war ended, Albert continued to live his life as a man. His identity fit him as snug as his suspenders.

This beautifully written and timely story shows a transgender soldier's personal bravery as he faced daring challenges on the battlefield and off.

During the Civil War, Sallie came to the 11th Pennsylvania Volunteer Infantry as a gift from a townspeople, but she quickly became a favorite among her men. She marched with them from battle to battle, always guarding the unit's colors, and even met President Lincoln. Over three long days at the Battle of Gettysburg, Sallie stayed with the dead, guarded their bodies, and nearly died herself from hunger and thirst as the conflict raged on. Though she fell in battle, her loyalty was rewarded years later when her men met again on the battlefield at Gettysburg to erect her likeness in bronze so that she might eternally guard them.

Oliver Nelson has a terrible secret—he's a thief.

But he only steals books from the Garden Grove Library that are old, musty, brittle, or incomplete, like his favorite book, *The Timekeeper's Children*. No one reads anymore, and surely no one will miss them, right? Wrong.

The Pribbles are famous inventors of the most popular toy in the world, alternate-reality goggles. They are also book collectors who are searching for *The Timekeeper's Children*, so the Pribbles hatch a plan. They invite Oliver, the last person to have checked it out, to their mansion and use special software from their goggles to steal the last remaining copy of the book—from inside Oliver's mind.

"This takes getting lost in a book to a whole new level. I loved it!"

—James Riley, *New York Times*-bestselling author of the Story Thieves series

"A fast, fun, furiously inventive, and frequently frightful read."

—Geoff Rodkey, *New York Times*-bestselling author of THE TAPPER TWINS series

"A fast-paced, funny tale . . . in the style of a classic Roald Dahl, this adventure story has a pleasing tongue-in-cheek style."

First serialized on the popular app and website Webtoon, *Always Human* ran from 2015-2017 and has amassed over 460,000 subscribers. Now reformatted for a print edition in sponsorship with GLAAD, *Always Human* is a beautifully drawn graphic novel about a developing relationship between two young women in a near-future, soft sci-fi setting. *Always Human* is drawn in a manga-influenced style and with an incredible color palette that leaps off the page! Sunati and Austen's sci-fi romance will sweep you off your feet.

Magnetic and memorable, this debut novel is the middle-grade, coming-of-age story you've been waiting for.

Eleven-year-old Beulah “Blue” Warren is surrounded by boys: her three brothers, her father, her best friend, and even the family dog. But Blue’s quick wit and rambunctious attitude keep them in check. It’s been years since her mother passed away, and Blue is struggling to keep her memory alive. In a burst of inspiration, she decides to engage in her mother’s favorite activities: painting, singing, swimming, even reading Mom’s favorite books. With humor, hijinks, and heart, this debut novel is a touching tale of grief and the healing power of family.

**In this new, middle-grade, magical-realism novel adapted
from the Irish story *The Children of Lir*, an Irish girl is sent to
a mysterious town in Virginia to live with her long-lost mother.**

Finn is shipped off to the affluent town of Starlight Valley, Virginia, to live with her long-lost mother, Aoife, and half-sister, Posy-Kate. Finn is initially excited to get to know her newfound family, but she can't help but notice that things are a bit unusual. The town is encircled by thorn trees, and even stranger is Aoife's house, where the walls are covered with swan feathers and decorated with swan heads—and even Aoife's shoes appear to be made out of swan bills.

Finn tries to ignore the sinking feeling that something isn't right, but she starts to believe that what's happening isn't random. Instead, it's taken directly from one of her grandmother's famous folktales, *The Children of Lir*, where a scorned mother turns all of her children into swans. But Finn stopped believing in those stories a long time ago . . . could they actually be true?

His plans consist of playing video games, hanging out with his friends, and, more importantly, spending time with Becca. But when Stu has a daydream of kissing Becca, he panics. He isn't even sure if he's actually going out with Becca. Sure, they've held hands a couple of times, but that doesn't mean they're going out, *does it?*

When Stu's grandma breaks her hip, his plans are put on hold. Now, he has to help out at her store, Truly Fine Fashions. Unfortunately for Stu, it's a women's clothing store. So he has to balance his summer job and spending time with Becca.
